

Don't take away K-Love!

The LPFM service priority you have proposed over national stations concerns me. I am an avid listener of K-Love, a national Christian station. This station provides daily spiritual support for so many. Replacing it would really upset a lot of people. They, like I, count on K-Love to lift spirits, provide encouragement, and provide a safe place for families to listen. Stations like K-Love get the message of Christ out in the open, which strongly encourages love, peace, patience, tolerance, and many other characteristics of a people who love their neighbor. To keep a station like K-Love broadcasting nationwide would be in the best interest of communities throughout America.

Please consider keeping K-Love prioritized over local LPFM.

Thank You.
